Dear Incentive Travel and Meeting Planner:

On behalf of the Puerto Vallarta's Convention and Visitors Bureau, we are proud to bring you this summary of facilities available for meetings and incentive programs.

Here we present a quick overview, which reflects the strides Puerto Vallarta continuously takes to become a preferred destination for incentive and meeting planners. Our efforts are geared to satisfy the needs of the most discriminating planners.

Puerto Vallarta provides the authentic experience of Mexican culture, while still offering comfort and safety, along with the traditional charm that has turned our resort into The place... "Where Mexico Comes to Life!".

Puerto Vallarta offers a true reward in its ability to pamper, entertain and delight its visitors. What a better incentive than this destination with ideal weather, expansive beaches, abundant sports, fine dining and shopping and most of all...
...the warmth of its people.

Come and experience The Magic!

Cordially;

Gemma Garciarce Monraz
President
